(Aula Mancini)

Endre Szemerédi

*Emeritus Research Professor at the Renyi Institute of the Hungarian
Academy of Sciences and Rutgers University US Department of Computer Science*

Terrà un seminario dal titolo:

“Is Laziness Paying Off?”

Abstract:

We are going to discuss a new method called "absorbing" method and we are going to give some applications of it mainly in extremal hypergraph theory.

Tutti gli interessati sono invitati a partecipare
